

TELEFUNKEN

STEREO AMPLIFIER MA 1

Founded in 1903, Telefunken has been synonymous with the art of German engineering in consumer electronics, telecommunication, domestic appliances and innovative products in various other industries. The Telefunken licensing program now comprises more than 30 licensees across 4 continents. In addition to expanding its licensing program in its home market of Europe in 2017, Telefunken will also pursue growth in Asia and Latin America, as well as expand in product categories such as smartphones and domestic appliances.
